Safer Neighbourhood Team

We also have available to us **The Lancaster Gate Safer Neighbourhood Team**.

“Safer Neighbourhoods is about local policing; police and partners working with you, to identify and tackle issues of concern in your neighbourhood.

Each team is normally made up of six police and Police Community Support Officers (PCSOs). Their aim is to listen and talk to you, and find out what affects your daily life and feelings of security. These might be issues such as anti-social behaviour, graffiti, noisy neighbourhoods, jobs or vandalism. Then, they work in partnership with you and other agencies to find a lasting solution.

Safer Neighbourhoods teams are dedicated to your community and are additional to other policing teams and units in London.

If you have concerns about day-to-day crime and disorder issues, or if you would like to get involved, please contact your local team.”

CivicWatch

Westminster City Council has set up the CivicWatch “as a way of making it easier for problems to be solved for local communities. We join up many local agencies, including the police, City Guardians (council street wardens), estate officers, fire officers and Street Environment Managers with residents, businesses and local councillors. Together, we find solutions to the issues that you have told us affect you most in your community. These include: - Anti-social behaviour - Flyposting / graffiti - Faulty street lighting - Noise complaints - Abandoned vehicles

By making sure that all local agencies join together, we ensure that there is one solution to one problem.”

City Guardians

Westminster City Council also has the City Guardians who *"help to make public areas safer and cleaner by patrolling the streets. They help to improve public confidence and safety by showing that public areas are cared for. Working with the police and other council staff, their visible presence can help reduce crime."*
